The NewStar wall mount, model FPMA-HAW300 is a tilt- and swivel wall mount for medical flat screens. This mount is a great choice for space saving placement or when ceiling mounting and floor placement is not an option.

NewStar's versatile tilt (60°) and swivel (370°) technology allows the mount to change to any viewing angle to fully benefit from the capabilities of the flat screen. The support is easily height adjustable from 115 to 135 centimetres using a gas spring. Depth adjustable from 0 to 115 centimetres. An innovative cable management conceals and routes cables from mount to flat screen. Hide your cables to keep the workplace nice and tidy.

NewStar FPMA-HAW300 has two pivot points and is suitable for flat screens. The weight capacity of this product is 3 kg. The wall mount is suitable for screens that meet VESA hole pattern 75x75 or 100x100mm.

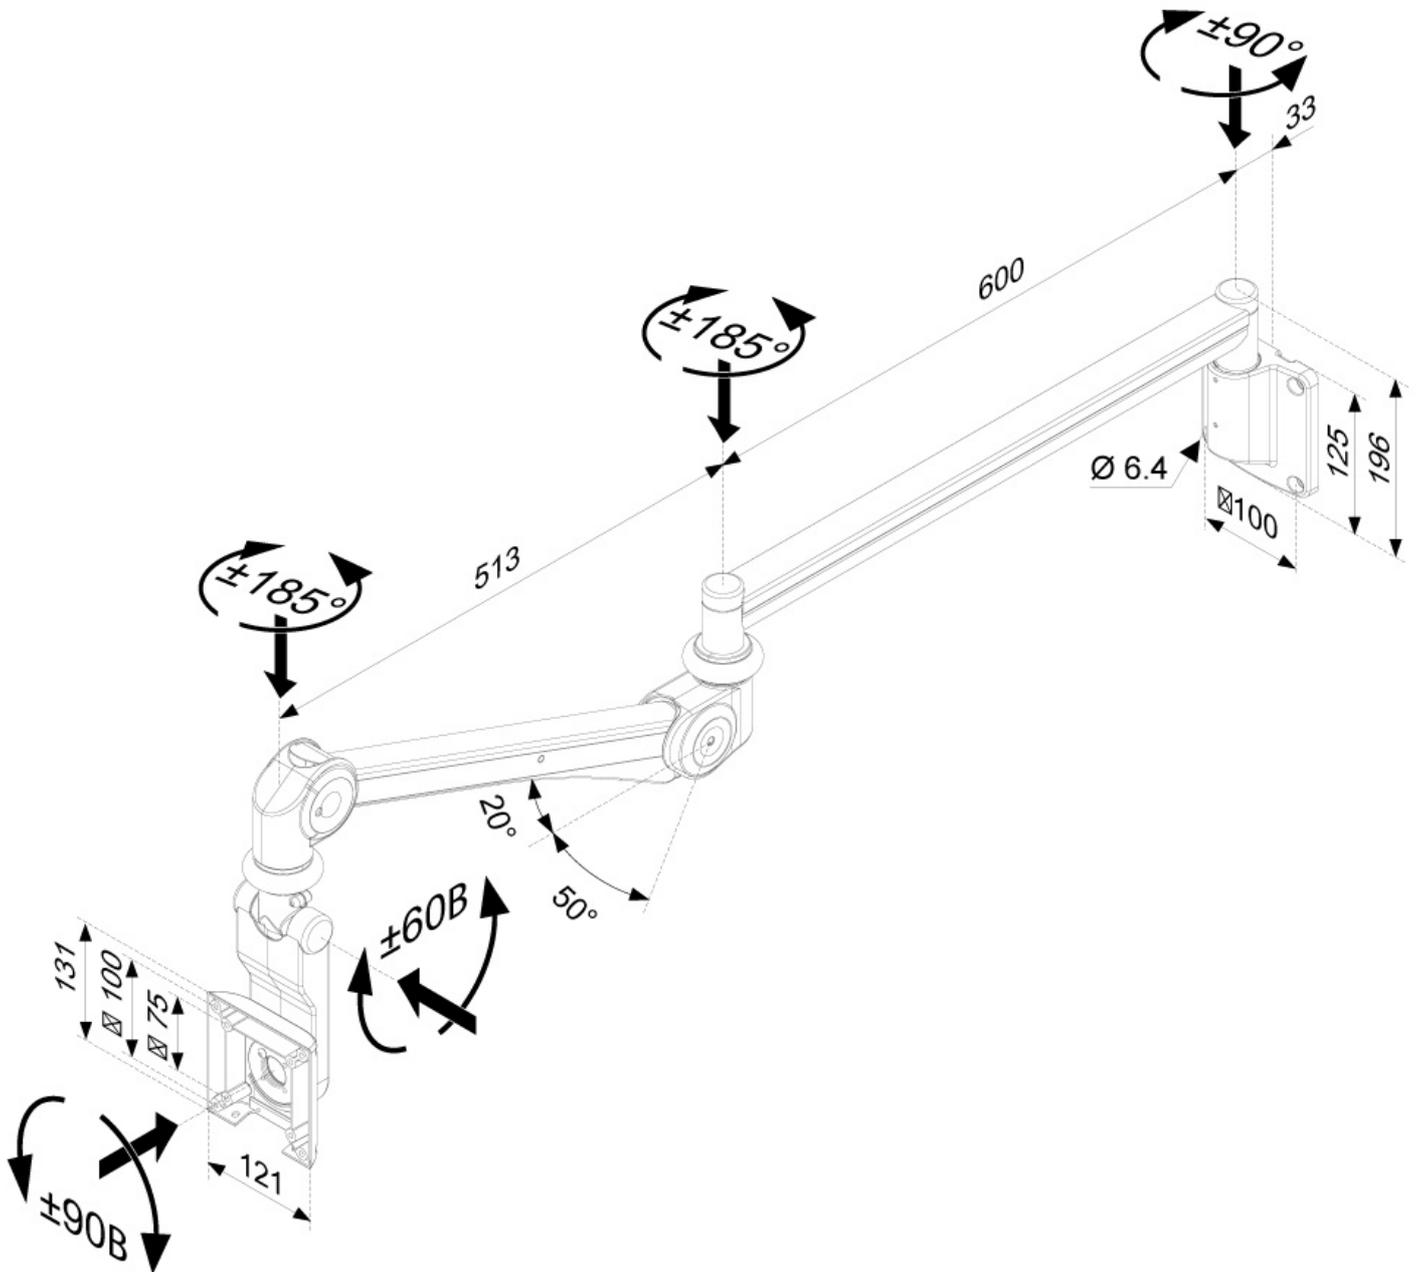

All installation material is included with the product.
