

Pro Fit™ Wired Mouse

Optimised for Productivity

K72369EU

Overview

Comfort and reliability are critical in any office environment. The Kensington Pro Fit™ USB/PS2 Wired Full-Size Mouse delivers both. The full-sized right-handed ergonomic design provides a user with the ultimate comfort throughout the day. The wired plug-and-play connectivity via USB/PS2 delivers high reliability and zero setup.

Description

Comfort, simplicity and reliability go hand in hand with the Kensington Pro Fit™ collection of computing products. Each Pro Fit™ product is built to excel in demanding office environments while providing familiar function with no learning curve to get in the way. All Pro Fit™ products are backed by a limited lifetime warranty* and free technical support.
